

May 27, 1927.

Judge A. H. Christensen,
Provo, Utah.

My Dear Judge Christensen;

RE: MUDDY RIVER DIST.

Complaint was recently made to this office with reference to waste in the distribution of Muddy River and the appointment of a water commissioner was asked.

Mr. Jerman made a field inspection which indicated that the appointment of a commissioner was plainly advisable. It is my understanding that you represent the Emery County Canal & Reservoir Company and in view of the co-operation you have given this office in the past I am writing this letter and enclosing copy of letter which I have just written to Mr. Soren Anderson of Huntington, which I think is self-explanatory. I am anxious that both sides be treated fairly and so want to put you in touch with what I am attempting in the way of straightening out this situation without its going to a law suit.

Yours very truly,

State Engineer.
